

Şimal Yenigüllü,

M.Sc. Student in Experimental Psychology

İzmir University of Economics

Department of Psychology

İzmir, Türkiye

simalyenigullu@gmail.com

I am a Master's student in Experimental Psychology at Izmir University of Economics, with a strong interest in numerical cognition and cognitive research methodologies.

Since July 2023, I have been actively involved in research as a volunteer assistant at SMART Lab, where I continue to gain hands-on experience in experimental design, data collection, and statistical analysis. My current work focuses on spatial-numerical associations and reaction time paradigms.
